### A.GENERAL INFORMATION

**Supervisor(s):** Dr Samir BOUCETTA

**Project Title:** Development of a website for Renting Apartments

**Number of Students:** 1 or 2

---

### B.PROJECT ABSTRACT

Renting a apartment is a fastidious activity for many clients. We want de develop a website for renting apartments via internet. The owners can use this site to publicize apartments for rent. The lodgers can use this site to search for apartments and be in contact with the owners. The search can be done according to the apartment characteristics such as the district, the number of rooms, the facilities, etc. The owner can upload some photos of the apartment.

The owner of the website can get money from both owners and lodgers while writing the contract.
